<u>Moonlight Closet</u>

Moonlight Closet

We built this website to showcase , fashionable ,
trendy and quirky outfits , for every closet pout there!

Idea Behind this name -Together, "Moonlight Closet" suggests a place where customers can find clothing that lets them shine like moonlight—graceful, unique, and captivating. It conveys both personal style and a touch of enchantment, making it a great choice for a clothing brand!

Why we chose a clothing website?

Scope for Creativity

- Fashion and design go hand in hand.
- Creating this platform lets us unleash our creativity through innovative layouts, vibrant visuals, and user-friendly designs.
- It's an excellent opportunity to experiment with aesthetics and functionality.

Relevance to Modern Trends

- The e-commerce sector, especially in fashion, is rapidly growing, making it a highly relevant domain for exploration.

Features Of our Website

At the top most right is the logo and name of our website

Then we have a navigation bar

We have 2 working pages one

is the home page and the second one is accessories page

You can click in accessories to open accessories webpage.

What have we used-

HTML
CSS
Google For Images
Chat gpt for text description and finding error
